

4th International Conference on Sexuality: Health, Education and Rights [ICSHER2020] 26th - 28th of November 2020 - VIRTUAL CONFERENCE

ABOUT:

ICSHER2020 is one of a kind learning and networking platform for global stakeholders to gather and discuss themes related to human sexuality and gender, covering social, health, educational, cultural and legislative perspectives of this important aspect of human lives and, as such, important for the society as a whole. The 3-day program consists of: presentations of invited speakers, themed panel discussions and networking opportunities in a professionally and culturally diverse environment, carefully designed to foster personal and professional growth.

DATES & LOCATION:

ICSHER2020 will take place from 26th - 28th of November 2020. We were looking forward to seeing everyone in Bangkok in November. However, safety and well-being of our participants is our first priority. Based on growing concerns related to the COVID-19 pandemic and its impact on our international community's ability to travel to the conference, this year's International Conference on Sexuality: Health, Education and Rights will be moved to a fully virtual format. We consider current circumstances as an opportunity to innovate an engaging virtual conference that will be rewarding for both presenters and attendees.

WHO SHOULD ATTEND:

Scholars: Connect with colleagues, and global stakeholders working in the fields of human sexuality, sexual health, education and rights; learn on issues and case studies from across the globe and pass on your knowledge and experience to others.

Government officials and policy makers: Learn about best practices in promoting human rights, social equality policies, sexual and reproductive health; network with other policy makers, scholars and NGOs working in the related fields.

NGOs: Network with other international NGOs, possible donors and colleagues from around the world and share your achievements and strategies with others.

Graduate students: Meet your colleagues, make new friends, and improve your knowledge on the matter as well as your communication skills.

Others: Interested in making some positive changes around them and gaining new knowledge, skills, friends and becoming more useful to their own communities.
